DETAILED ACTION

1. This Office Action is in response to the Amendment filed December 18, 2003. Claims 1-5 and 7-11 were canceled without prejudice or disclaimer and claim 6 is pending.

Examiner's Amendment

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CAR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. William P. Ramey, III on February 2, 2004.

3. The application has been amended as follows:

Amend claim 6 as follows,

--6.(twice amended) A polymer comprising a side chain of formula III:

wherein $-\text{CH}_2-\text{CH}-$ is part of the backbone of the polymer and wherein the side chain is attached to an ethylene moiety of the polymer.—

Art Unit: 1713

Allowable Subject Matter

4. Claim 6 is allowed.

5. The following is an Examiner's statement of reasons for allowance:

The present claim is allowable over the closest references: Ogawa et al.(US 4,600,641).

Ogawa et al. disclose a polymer having a side chain of

which is attached to an ethylene monomer unit, the polymer being used in forming an adhesive layer (col. 10, lines 4-13; 30-34). However, Ogawa et al. do not teach or fairly suggest a polymer comprising a side chain as claimed in the present invention.

In light of the above discussion, it is evident as to why the present claims are patentable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion
